

MAKERSPACE & OUTDOOR LEARNING APRIL 24-26TH 2024

AALBORG WELCOMES YOU TO LEARN DEEPER WHILE SMILING AND INTERACTING

How does three days of learning the Danish way sound?

The local Educational Authority in the city of Aalborg is experienced in hosting international groups. We have put together an intense three-day Erasmus+ course. We are a group of educational advisors – started out as teachers, now all experts in facilitating within each our learning area. We will make sure to broaden your teaching approach and enjoy learning. The top overall purpose is joyful and playful learning, interaction, meaningful engagement! We promise you will return to the classroom much more motivated and able to transfer your competences to students and co-workers. Let's help unlock your potential to teach more effective.

April.23th Informal, optional get-together.

April 24th 8:30 Welcome to our local educational authority

- Networking activities

- Design working process with a makerspace approach

- 3D design concept making
